

# **BSM with focus on large cardamom in Sikkim and North Bengal**

**Spices Board**  
*(Ministry of commerce and Industries,  
Government of India)*

**January 17, 2022 | 10: 30 AM**

## Virtual BSM with focus on large cardamom in Sikkim and North Bengal

*Organized by*

**Spices Board**

(Ministry of Commerce and Industry,  
Government of India)

**January 17, 2022 | 10.30AM**

Spices Board is spearheading activities for the excellence of Indian spices, so as to help the Indian spice industry in attaining the vision of sustaining the leadership in global trade of spices & value added spice products, thereby contributing to the growth of agricultural exports from India. The main functions are research, development, domestic market promotion of small & large cardamom, post-harvest improvement of spices, promotion of organic production, processing and certification of spices, development of spices in the North East, provision of quality evaluation services and export promotion of spices. Undertaking multifaceted activities at the various levels of the supply chain starting from the farm level to export, Spices Board provides support to the stakeholders towards holistic output in terms of production, post-harvest improvement, market promotion, quality evaluation and export promotion of spices.

India is the leading producer of large cardamom in the world and produced 8803 MT of the spice in the year 2020-21. The exports of large cardamom in the year 2020-21 were 1325 tonnes valued at Rs 91.26 crores. Large cardamom is a major spice crop grown in the Sub-Himalayan tracts in Sikkim, Arunachal Pradesh, Nagaland, Manipur and North Bengal. Farmers in the regions depend on cultivation of large cardamom for their livelihood. Lack of organized markets is the major challenge in marketing of large cardamom in India. Direct market linkage between the producers / producer groups and exporters will help to improve the value chain of large cardamom.

This particular Buyer Seller Meet for Large Cardamom is organized by the Spices Board to encourage the exporters / processors / institutional buyers in Delhi region to source large cardamom directly from the producers / producer groups.

# PROGRAM SCHEDULE
